62/26 To approve the enclosed Financial Statement as at 30th June 2026

It was resolved that the Financial Statement as of 30th June 2026 should be approved.

63/26 To consider the enclosed quotation from Willow Landscapes Ltd relating to the enhancement of the footway between Liverpool Road and the Heath Centre in order to improve accessibility for the elderly and disabled following closure of the short cut access from behind the shops in Longton.

Background – SRBC Cllrs Smith and Buttery approached the Parish Council for potential funding from CIL funds to improve access to the Health Centre from Liverpool road following closure of the short cut from behind the shops. The original plan was to upgrade two paths which both led to the Health Centre from the same entrance point, both of which were of the same distance and install lighting columns along one of them. The Chairman and Clerk were invited to a meeting at the Civic Centre to discuss. The Chairman was not available however the Clerk attended after several discussions with the Chairman following receipt of quotations involving expenditure of at least £20K in total

The Chairman and Clerk considered the quotations and questioned why it was necessary to have two paths to the same location and put forward an alternative suggestion that only one path need be upgraded which would reduce the cost significantly. The proposals were presented at the meeting convened with SRBC, who accepted the rationale and decided to obtain a new quote which is enclosed. The new proposal will be to upgrade the right hand path and remove the left hand path which is in extremely poor condition and has no lighting. The results will reduce the cost to approx £10K

The Council are asked to approve a contribution of £6867.80 with SRBC contributing £3000.

It was resolved that this Council should contribute £6867.80 to the enhancements referred to above from its available CIL funds.

64/26 To note that the next meeting is scheduled for the 20th October 2026
